About The Unumb Center for Neurodevelopment

The Unumb Center for Neurodevelopment is a proud member of the Council of Autism Service Providers (CASP), committed to delivering high-quality, evidence-based ABA therapy services for individuals 2-21. Supporting families and the autism community with exceptional services is at the core of our mission, and we are driven by our core values of teamwork, passion, excellence, and impact. We prioritize clinical integrity, staff development, and a supportive work environment that fosters growth and collaboration.

Position Summary

We are seeking a passionate and experienced full-time BCBA or BCaBA to join our team as a Program Manager. This in-clinic leadership role is responsible for overseeing clinical programming and supervision of behavior technicians, ensuring the delivery of high-quality ABA services to our clients. You will work closely with a team of QBS-trained RBTs who have completed our robust 3+ week onboarding and training program, designed to prepare them for success from day one.

Key Responsibilities

- Develop, implement, and monitor individualized treatment plans.
- Provide ongoing supervision and support to RBTs and behavior technicians.
- Conduct assessments and analyze data to guide clinical decision-making.
- Collaborate with families, caregivers, and interdisciplinary teams.
- Ensure compliance with ethical and professional standards.
- Participate in leadership development and best practice collaborations through CASP.
